FCCLA Information and Facts

Family, Career, and Community Leaders of America is a nonprofit national career and technical student organization for young men and women in Family and Consumer Sciences education in public and private schools through grade 12. Everyone is part of a family and FCCLA is the only national Career and Technical Student Organization with the family as its central focus. Since 1945, FCCLA members have been making a difference in their families, careers, and communities by addressing important personal, work, and societal issues through Family and Consumer Sciences education.

Chapter projects focus on a variety of youth concerns, including teen pregnancy, parenting, family relationships, substance abuse, peer pressure, environment, nutrition and fitness, teen violence, and career exploration. Involvement in FCCLA offers members the opportunity to expand their leadership potential and develop skills for life -- planning, goal setting, problem solving, decision making, and interpersonal communication -- necessary in the home and workplace.

State Theme: "Incredible"

This year our state theme follows National FCCLA. Oregon FCCLA, let's make it an **Incredible** school year!

State Membership Campaign: State Chapter Visit Opportunities

The Oregon FCCLA State Officer Team has created some exciting and fun ideas for this coming school year. They have created a plan to help chapters secure new members and to make this year "The Ultimate Leadership Experience" for all of those involved in Oregon FCCLA!

They would like to have the opportunity to share these ideas with your individual chapter by coming to your school, by means of a live video conference, Skype call, Google hangout, or a face-to-face visit. They have materials prepared that they will use to walk your chapter through this year's strategy.

There are many specific topics that the officers can include in their visits. They are prepared to present information on membership, competition, fundraisers, community service, business, and leadership, and FCCLA programs and opportunities.

They are excited to assist at an event that your chapter is holding, such as installation ceremonies, bringing greetings at an FCCLA banquet or recognition event. As you can see, the possibilities for a chapter visit are endless.

The state officer team would love to come to your school (in-person or pop in virtually) and share their passion for FCCLA with your students. If you are interested in setting up a date for a chapter visit with one of the officers, please email coach@oregonfccla.org to make an official request.

Thank you for all that you do. The Oregon FCCLA State Officers hope to see your chapter soon!

Throughout this leadership program, students will work through leadership lessons adapted from David Novak's book, *Taking People with You*. Throughout the lessons (10 or 6-lesson track) and service learning experience, students will increase their knowledge of leadership skills as they take action to make an impact on a need in their local or global communities. The lessons are aligned with Common Core State Standards, 21st Century Skills, and can be delivered in a number of settings. The Lead2Feed lessons are student-centered and designed to get students to take ownership for their learning.

FCCLA National Programs

FCCLA national programs were developed to build and strengthen students' leadership skills.

FCCLA NATIONAL PROGRAMS

Career Connection helps youth learn more about themselves, the workplace, and careers so that they can put themselves on the pathway to future success. The projects that members conduct around Career Connection units will give them the confidence to face the thousands of overwhelming options that come with future career decisions.

Financial Fitness engages youth in teaching one another how to earn, spend, save, and protect money wisely. Through FCCLA's Financial Fitness program, youth plan and carry out projects that help them and their peers learn to become wise financial managers and smart consumers. Youth leaders can build their peers' financial literacy and teach them skills for managing their finances.

The Student Body program helps youth learn to make informed, responsible choices for their physical and mental health while also providing opportunities to teach others. The teen years are an ideal time to establish healthy attitudes and habits to last a lifetime, which is why Student Body gives teens the facts and incentives they need to build a healthy body.

FACTS gives teens the information and incentives they need to build an understanding of what it means to drive safely, both today and in the future. Through their projects, teens work to educate adults and youth about traffic safety and to support enforcement of local rules and regulations. Youth leaders are given the tools to help families promote basic safety attitudes that can last a lifetime.

The Community Service program guides students to identify local concerns and carry out projects to improve the quality of life in their communities. Through their projects, members experience character development and improve their critical and creative thinking, interpersonal communication, practical knowledge, and career preparation. Youth leaders learn more about themselves, others, and the world so that they can make a difference now and in the future.

Through Families First, youth gain a better understanding of how families work and learn skills to become strong family members. Its goals are to help youth become strong family members and leaders for today and tomorrow and to strengthen the family as the basic unit of society.

Power of One helps students to find and use their personal power. Members set their own goals, work to achieve them, and enjoy the results. Each youth-created Power of One project relates to one of the following five units:

1. A Better You: Improve personal traits
2. Family Ties: Get along better with family members
3. Working on Working: Explore work options, prepare for a career, or sharpen skills useful in business
4. Take the Lead: Develop leadership qualities
5. Speak Out for FCCLA: Tell others about positive experiences in FCCLA

The FCCLA Stand Up national peer education program guides members to develop, plan, carry out, and evaluate advocacy activities to improve the quality of life in their communities. Members develop their voice to make a positive impact. Through their projects, members experience character development and improve their critical and creative thinking, interpersonal communication, leadership, practical knowledge, and career preparation. Members learn more about how to:

- **Assess** current needs,
- **Educate** others regarding concerns,
- **Advocate** so that they can make a difference now and in the future.
